Welcome to It's Your Move Ilkley Ltd...

It's Your Move has been established since 1998, we are a reliable, friendly and professional removal and storage company based in Ilkley, West Yorkshire. We provide a comprehensive range of services including full house removals to all parts of the UK and Europe.

Our services range from a full house removal, long or short distance, part loads or single items, office moves/relocation, specialist moves, secure container storage, rearrangement of furniture/items within your property, packing services, saleroom items collection or delivery or our van and man hire.

We also hold a waste traders licence. We are able to dispose of any unwanted effects from a full house clearance to single items.

From the initial survey, throughout the planning and packing, and right through to the actual move you can rely on our team to tailor a personalised service that will take care of all your moving requirements.

All your fragile, or highly valued effects, will be protected in your own home before being loaded onto our vehicles using heavy duty blankets imported from America, as seen in the pictures to your right.

Armchairs, sofa and mattress protection comes as standard.

"Thank you Rod and all your team for the fantastic job you did yesterday moving my Mum and Dad from Halifax to their new home in Ilkley. Mum speaks so highly of you all and said she couldn't have found anyone better to do the job. Your initial visit to Mum & Dad in Halifax provided much needed reassurance in what was a very daunting prospect for them. Yesterday, your team was exemplary in every way and their professionalism and good humour made the removal as stress-free as it could possibly be. I will recommend your company to anybody on the move!"

Diane Fielding

"Amazing lads, careful, considerate, utterly polite, really efficient and excellent at working as a team. An outstanding brilliant company, I just wouldn't use anyone else. Thank you so much."

Becky and Julian

"Excellent service and very professional. I particularly liked the fact that even though it was a dry day, they put down covers to protect the carpet, covered the sofas to ensure no damage to the items being moved, and covered the front door to ensure no damage would be caused by knocks. Obviously they didn't knock anything anyway!!!"

Ruth Cousins

"Rod and his team packed our things and moved us. The team was very professional and nothing was too much trouble, they made the move very easy for us which we really appreciated. Would definitely highly recommend It's Your Move!!!"

"Superb service from start to finish. From the initial quoting stage to the packing service and the move itself, everything was carried out to the highest standard and nothing was too much trouble for the fantastic team involved. I would not hesitate to recommend Rod and his team or use them again. A pleasure to deal with. Thanks Rod."

Toby Elkington

"Expert removal company with a truly caring attitude. Nothing was too much trouble when they moved us from Yorkshire to Cardiff. A very stressful time was made so much easier thanks to Rod and his team. Attention to detail like no other, Thanks!"

Christopher Bryett

"Fast, efficient and reliable, and no breakages! Rod and his team fitted us in at short notice - a great bunch of guys, friendly and helpful, especially young James Broome..."

We are fully accredited members of Move Assured...

Move Assured... "We are an organisation that specialises in promoting professional independent removal companies. Choosing a suitable removal company to move your cherished goods can be a source of stress at a time that should be exciting.

To help you with this choice we have a vast membership of smaller independent removal companies who take a personal interest in every move that their company completes. The majority of companies are run by owner operators who have a daily 'hands on' involvement with each customer. We support and endorse the smaller professional removal companies that give a truly personal service. The members of Move Assured have been checked and accredited and are constantly monitored via their feedback. When you book a mover that has attained membership of Move Assured you have taken a positive step towards a successful move.

You can be confident that the company you have chosen has an excellent reputation, and that giving a personal service is a top priority.

Our Secure Container Storage...

It's Your Move offers a safe and secure container storage facility, whether it be for a full house removal, between moves, single items that are too precious to part with but for which you don't have space for anymore - be it for a few days or long term.

If storage is necessary, we will pack your house contents into sealed containers for the duration required.

Secure overnight storage is also available for those moves that are not possible in the same 24 hours.

"I have moved several times over the last few years in London and Yorkshire, and can safely say that It's Your Move are the best removal company I have used. Rod makes a very difficult job look easy, is professional, reliable and incredibly skilled at the whole removals process. This move for my family was a particularly stressful one, and having Rod and his crew looking after our removals made it so much easier. When Rod came to assess our move he gave us invaluable advice on how to sell some items and, as well as our main removal, did two other jobs on the same day – collecting from storage and delivering some very heavy items – all completed without a hitch. All our possessions were handled with the utmost care (including unexpected taking apart and re-assembling of furniture quickly and efficiently) and the whole job was done quite brilliantly at very fair rates. Rod is also a lot of fun and deals with everything in a positive way which was greatly appreciated by all of us, making moving enjoyable. Massive thanks to Rod and his great guys - I would highly recommend It's Your Move to anyone."

Business Moves...

Whether your office relocation move involves a change of floors, to another part of town or a move to another part of the country - we can provide a personal, professional and flexible service.

Whatever your office requirements are, It's Your Move has the resources, experience and flexibility to provide you with a successful move.

We are aware that your business may have to operate whilst an office move is in progress. An understanding of your requirements and priorities, along with our flexible approach, will provide business continuity throughout the moving process.

"We contacted It's Your Move removal company in Ilkley through a friend's recommendation and found Rod to be very accommodating. He delivered boxes before the move and arranged a convenient time and date for our office move. It's a stressful time when you are trying to deal with urgent work issues at the same time as pack up your files and desks. Rod and his crew were unruffled and calm shifting our cabinets, taking desks apart and loading the van, whilst we packed the last files and got the boss off his chair. Rod and crew were careful at the other end, bringing in the furniture and screwing together the desks again, placing them where we asked. The crew drink plenty of coffee and tea and like their sandwiches on the go, so they get the job done in no time. We would highly recommend."

Going the extra mile...

As seen to the left, we were faced with a challenge whilst on a move from Ilkley to Poole in Dorset. We had a 9 foot sofa, which was too large for the stairwell and lift, and having a non-load glass balustrade, we were not able to hoist it over the balcony.

At the last minute the only option was to hire a telehandler with a 9 foot extension to lift the sofa over the balcony into the arms of the waiting porters!

“Where there's a will - there's a way”

We pride ourselves on making those impossible dreams become reality! Specialist equipment for specialist jobs! We offer a professional approach to moving treasured/valuable/special items such as pianos - grand or upright - whether included in your removal or as a single item.

“Exceptional service! Many thanks for your help Mr Hepworth!”

Man with a van hire & services...

It's Your Move can supply a range of options, for example, hiring a "man and a van" - rather than hiring just a van yourself.

The plus side of this option is that you have the use of a fully equipped vehicle for the task, and an expert at hand to ensure a smooth, professional operation, be it a single item or full van load. Also, having the bonus of being fully insured should anything not go to plan.

Please call us for a quote and rates.

"A very small job - basically moving a couple of pieces of clumsy furniture. The task was fitted in quickly and carried out by two charming and efficient operatives who knew what they were about. I couldn't have asked for more!"

Nick Beeson

"Always happy to help, no move too small. Keep up the good work fellas."
